## IT SKILLS

### Programming Languages

Python

Java

SQL

HTML/CSS

C/C++

### Others

SolidWork

Wordpress

## PERSONAL PROFILE

During a gap year before completing my curriculum in an engineering school where I follow machine learning courses, I am looking for an internship as a data scientist engineer assistant.

## WORK EXPERIENCE & PROJECTS

2022, IMT Mines Alès

### Machine Learning Project (Python)

The purpose of this project was to create an AI on Python, which could recognize the result of a hand in a poker game.

2021, IMT Mines Alès

### Web Site Creation

This site is dedicated to an organization that arranges road trips to raise funds for charity associations.

Site: <http://lespelerinsdunord.com>

November 2021, Solaris Business Intelligence

### Digital Diagnostic

During this five weeks-long mission, we create digital diagnostic support that could adapt to any type of the eventual client companies

August 2021, Hospital Center of Melun

### Hospital Service Agent during Covid-19 pandemic

Considered as duty for the nation.

## EDUCATION

2022, UFRJ in Rio de Janeiro

### Academic exchange in Brasil

I have done a six months academic exchange in Rio de Janeiro. The UFRJ, the 1st ranked university in Brasil represented an opportunity for me to improve my Portuguese linguistic skills, discover a new culture, and follow my cursus.

2020-2022, IMT Mines Alès

### Two years in the high engineering school IMT Mines Alès

It is an engineering school, among the top 10 in France, that dispenses among other computer science courses. I have already completed two years and I will do the last one after returning from my gap year.

You can find every detail about the formation [here](#).

2018-2020, Lycée François 1er in Fontainebleau

### Two-year intensive preparation courses

These courses are hard-working classes to prepare the students for the entrance exams to top french engineering schools.

2018, Lycée Blaise Pascal in Brie-Comte-Robert

### High School diploma, scientific option, equivalent to A Levels with honours

## LANGUAGE SKILLS

Mother Tongue: French

### English (TOIEC: 920/990)

**LISTENING** C1 **READING** C2 **WRITING** C1  
**SPOKEN PRODUCTION** C1  
**SPOKEN INTERACTION** C1

**LISTENING** B2 **READING** B2 **WRITING** B2  
**SPOKEN PRODUCTION** B2  
**SPOKEN INTERACTION** B2

### Portuguese (6 months in Brasil)

**LISTENING** C1 **READING** C1 **WRITING** C1  
**SPOKEN PRODUCTION** C1  
**SPOKEN INTERACTION** C1

### Russian (Beginner)

**LISTENING** A1 **READING** A2 **WRITING** A2  
**SPOKEN PRODUCTION** A1  
**SPOKEN INTERACTION** A1

## ACTIVITIES & INTERESTS

### Black Belt in Judo

I practiced judo for fifteen years. This martial art has played quite a primordial role in my education. All along these years, my sensei taught me humility, self-control, perseverance, courage, honor, and respect. These remains the fundamental pillars of judo.

### Road Trip: 60 days from Paris to Tokyo on motorbike (May 2023)

It has been a year since I planned this sportive project. The objective is to ride a motorbike from Paris to Tokyo in 60 days to raise funds for Human Appeal, a charity international organization that takes care of mistreated and deprived children all around the world.
